Presenting an architectural mid-century modern masterpiece designed by Gregory Ain, this home is known as the "Ralphs House" (of grocery store fame). This expansive view home is mostly original, very well maintained, and is all on one level.

 $\label{thm:continuous} Featuring 6 bedrooms and 4 baths in 3,678 sq.ft. on a large 35,844 sq.ft. lot, this Linda Vista-area home is a designated local landmark and the gardens designed by acclaimed landscape architect Garrett Eckbo are also largely unchanged and historically designated.$ 

Beyond the open-air courtyard, the interior offers floor to ceiling windows that bring in lots of natural light, refinished wood floors, fireplace in large living room with built-in bookcases, and large sliding glass door to the resort-style backyard.

Relax in the resort-style backyard with sparkling pool, lush and mature landscaping, gardens, dry rock stream, and large deck overlooking the city, mountains, and into the Rose Bowl.

The convenient 3-car garage with circular driveway offers lots of parking. Conveniently located in the heart of Pasadena and minutes away from major employment hubs, popular shopping, fine dining, and outdoor recreation destinations. This home is eligible for listing in the National Register of Historic Places. A building biography by Tim Gregory is available for this property.
